

PERRIN & ROWE[®]
MAYFAIR LONDON

TRADITIONAL COLLECTION

The world's finest range of Bathroom furniture

AN UNCOMMON BLEND OF ORIGINALITY AND ENGINEERING EXCELLENCE.

From its earliest conception, Perrin & Rowe has always been driven to create bold, original and beautifully engineered brassware. Brassware of course, is highly functional; a necessity by its very nature. Brassware that is used day in, day out cannot afford to deliver anything less than a flawless performance everytime, all the time.

But it certainly doesn't have to be dull. We have stayed true to our belief that a utilitarian and to some, merely perfunctory product, can also embrace individuality, imagination and desirability.

Today, the majority of the taps, showers and bathroom accessories available in the UK are imported, repackaged and marketed to within an inch of their crossheads. However, Perrin & Rowe is the real thing. Designed and manufactured entirely in the UK in our own factories, there is not one aspect of the production process that we do not execute ourselves.

The Perrin & Rowe Bathroom Collection is the result of an outstanding example of a British, cutting edge engineering company that refuses to compromise; remains passionate about quality and that has been rewarded – as you will see – with the specification of its brassware in some of the World's most luxurious resorts, spas and private retreats.

Recalling those early objectives, I think we have achieved our goal. So it gives me great pride to declare that you will not find brassware designed and crafted to more exacting standards, nor with such precise attention to detail than The Perrin & Rowe Bathroom Collection.

BATH AND BATH SHOWER MIXERS

Whether you choose chrome, nickel, pewter, inca gold or bronze, you can be sure that every piece of Perrin & Rowe brassware is plated and finished to the highest standards in our own factories. Pewter, as shown above, is created by hand. A semi-matt finish, taps, showers and accessories are first plated in nickel, then gently buffed and burnished to perfection by skilled polishers using a series of differently graded sanders.

BATH SETS

See it, feel it

Turn on a Perrin & Rowe tap and you'll quite literally be able to feel and see the difference. That precise, quarter turn action comes courtesy of our hard-wearing, top quality ceramic disc valves. The bubbling flow? That's down to the aerator concealed within each tap's spout. Little details, big difference.

Simple pleasures

Drawing a long, hot bath is one of life's simple pleasures, but with Perrin & Rowe bath taps you can be sure you'll be soaking for longer than you're standing around waiting for your tub to fill. Generous spouts and three quarter inch wide inlets mean that your bath will be ready in no time, so all you have to do is lie back and relax.

Choose from our classic, high spout taps, stylish low level taps or traditional, pillar bath taps.

Suds away

If bathtime is a family occasion, why not make light work of washing hair, bathing kids and rinsing away the suds by choosing a Perrin & Rowe bath tap complete with co-ordinated handshower.

Handshowers are angled, sit neatly inside a shaped base when not in use and feature smooth, rounded porcelain handles.

BASIN & BIDET SETS

Our signature

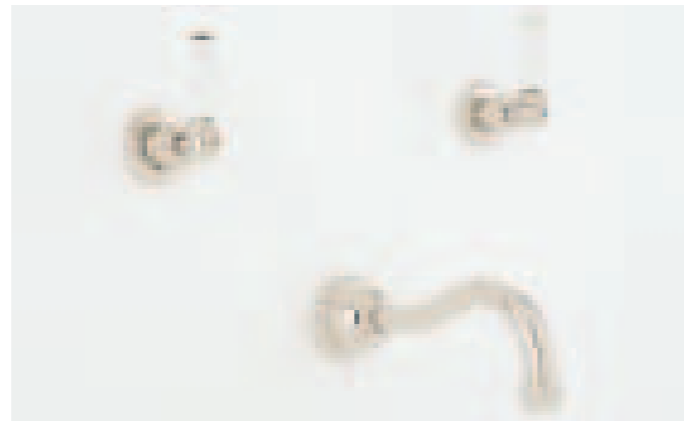

To us, details matter; the materials, the care and the precision... That's what the Perrin & Rowe signature is about. These 'hot' and 'cold' indexes are the perfect example. Made from fine porcelain, smooth and perfectly domed, they're a small, but important part of the average thirty components that are assembled by hand to make each of our taps.

Instant lift

Beautiful taps can transform your bathroom. Well made, statement taps have the ability to give your bathroom chinaware an instant lift. Perrin & Rowe basin and bidet taps feature hard-wearing ceramic disc valves for a precise, quarter-turn feel when being turned on and off and conceal aerators in their spouts to encourage a soft, rippling flow of water.

Match your taps to your basin or bidet. A tap with a low spout and gently tapered porcelain lever handles will complement a large square or rectangular basin; a curvy monobloc tap is perfect for a smaller cloakroom basin and a wall mounted tap is ideal for a modern, surface mounted bowl.

SHOWER SETS

A Perrin & Rowe shower is not to be taken lightly

Literally. Weighing in at 3kg, each valve is engineered from solid brass. Shower valves start life as a piece of solid, cylindrical brass. Then, they are precision machined in a single process before being polished, plated and hand-assembled.

SHOWER SOLUTIONS

What's your idea of a great shower?

A gentle, relaxing rainfall or a rejuvenating, torrential rapide of water? Perhaps it's both or perhaps it's those little extras – a rainbar, handshower or bodyjet, that make all the difference to you.

Perrin & Rowe showers aren't prescriptive. So whatever your showering vision, our wide range of easy clean showerheads, valves and accessories mean you can virtually design your own shower.

Just indulge your imagination.

Maximum impact, maximum safety

Perrin & Rowe showers are thermostatically controlled by a simple, yet highly accurate wax cartridge. A pre-set, maximum temperature of 38°C minimises the danger of a shower being too hot, or worse, scalding and an automatic shut-off mechanism means that in the unlikely event of your hot or cold water supplies failing, your shower will simply stop working.

Shower valves are available as concealed or exposed designs; choose an exposed valve for maximum impact, statement showering where space is no object. For smaller showering areas, opt for a concealed valve with an octagonal plate, where the valve's pipework is hidden in your bathroom wall.

Please refer to the price list or web site for information on the full product offering.

Thermostatic Shower Mixers are also available with crosshead handles

Can't decide which shower?

If you're battling with too many choices, let us make things easier. Our complete shower sets range from the very simple with concealed shower valve and wall fixed, watering can shower head to the positively full on with a 12" wide shower head, exposed shower valve and six, adjustable body jets.

Now all you have to do is choose your finish.

THE ACCESSORY COLLECTION

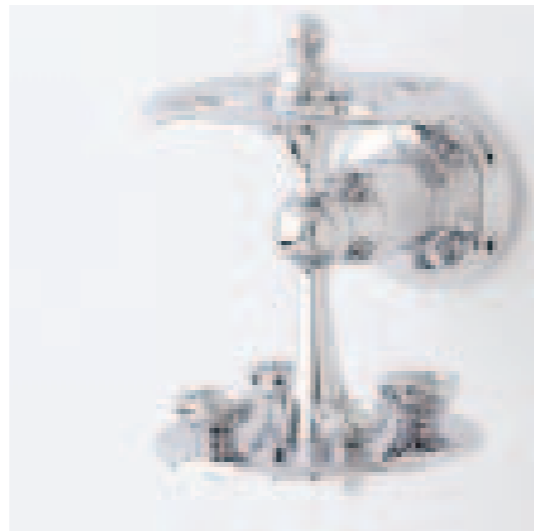

It's all in the detail

The best finishing touches are in the detail and Perrin & Rowe Accessories are no exception. From elegant toothbrush holders and shaving mirrors to towel rails, bath racks and shower baskets we have every accessory covered. Each Perrin & Rowe Accessory is as perfectly crafted as our taps and showers; mugs, trays and dishes are made from the finest English porcelain, fixings are concealed and even our shower baskets have adjustable fixings to accommodate awkward corners.

For the smallest room

Even bathroom essentials need a little glamour and no one does that better than Perrin & Rowe. Lavatory brushes and holders are available as freestanding or wall mounted designs and feature English porcelain inserts. Cisterns get a little extra polish with our neatly tapered, porcelain handle and loo rolls get the luxury look too, thanks to our stylish holders.

Mirror, mirror...

Every bathroom needs a wonderful looking glass and you can't go wrong with these classic hexagonal, square and oval shapes that have been designed to complement the form of Perrin & Rowe showers. Mirrors are made from the finest Italian glass, feature softly bevelled edges and are held in place with stylised fixings that could only be by Perrin & Rowe.

Last thoughts and little extras

Is there a detail we've overlooked? Throw away unsightly plastic bottles and decant your hand wash into a Perrin & Rowe soap dispenser; keep the last drop safe with Perrin & Rowe bottle stoppers and last but not least, don't forget your light pull.

DISCOVER MORE FROM PERRIN & ROWE

We hope our Bathroom Collection has inspired you. In addition to our Traditional bathroom brassware, showers and accessories, we also offer a contemporary range of taps and showers. Cool and understated, they are modern, yet with chunky and generous design detail, that is unmistakably Perrin & Rowe. And, just like our Traditional brassware, all of our contemporary taps and showers are also made exclusively in our factories in the UK.

The Perrin & Rowe Bathroom Chinaware Collection

Beautiful bathroom brassware needs beautiful chinaware. Consistent with our heritage, the collection includes basins, bowls and lavatories and is manufactured exclusively in our own factory in the heart of English pottery country. The Perrin & Rowe Bathroom Chinaware Collection includes three classic lines - Edwardian, Victorian and Deco.

The Perrin & Rowe Kitchen Collection

The Perrin & Rowe Kitchen Collection offers a multitude of design and styling options. Choose a sleek Mimas, Oberon or Io from the contemporary range; opt for the timeless form of a Phoenician, Minoan or Ionian from the Traditional Collection or go for rustic style with a Picardie, Provence or Alsace from the Country Collection.

Enhance your tap with a stand-alone, patented rinse, cut back on bottled water with an integrated Triflow™ filter system and forget about waiting for the kettle to boil – a Little Butler instant hot water tap will take care of that. Made your choice? Then customise your tap to suit. An alternative spout; crosshead handles rather than levers? Wall mounted rather than surface mounted fixings? Handles to match your work surface? No problem – it's your tap and most importantly, it's your choice.

Manufactured exclusively in our own factories in the UK and assembled by hand, all of our kitchen taps feature ceramic disc valves and are individually tested.
